PROFESSIONAL SUMMARY

Operations and customer service professional transitioning into junior data analysis and reporting roles. Experience in survey-data organization and validation, operational KPI reporting, and productivity and service-quality monitoring across market research, travel and banking. Practical experience using Microsoft Excel and Power BI for reporting and data visualization. Foundational knowledge of SQL and Python.

CORE SKILLS

Data & Research: Survey-data organization, data validation, consumer research, research-report support

Reporting: Operational KPIs, productivity metrics, service-quality monitoring, recurring-issue identification

Business Operations: Travel operations, banking customer service, cross-team coordination, process improvement support

Tools: Microsoft Excel, Power BI, Microsoft Word; foundational knowledge of SQL and Python

SELECTED TRAINING PROJECTS

Built practice dashboards using training data covering customer-service KPIs, retail sales, banking transactions and sales performance. Visualized trends, product and regional comparisons, customer segments and agent performance, and designed filter controls.

PROFESSIONAL EXPERIENCE

Digital Support Customer Service Specialist | Almosafer June 2025 - Present

- Track and report operational KPIs on service quality, case resolution and performance; identify recurring issues to support process improvements.
- Handle B2C travel inquiries and manage booking modifications, cancellations, refunds and schedule changes in line with airline, hotel and supplier policies.
- Coordinate with Airlines, Hotels, Finance and Technical Operations to resolve complex booking cases.
- Contributed to the Almosafer Internal Knowledge Hub, improving access to information and supporting team onboarding.

Customer Operations & Contact Center Professional | National Bank of Egypt June 2023 - June 2025

- Monitored productivity and service-quality metrics and helped supervisors identify process improvements.
- Handled inquiries about banking products, accounts and financial services in a regulated environment.
- Trained and supported more than 10 new employees as a team focal point on procedures and system workflows.

Sales Associate | Massimo Dutti (Azadea Group) December 2022 - May 2023

- Top Achiever for six consecutive months and Best Seller of the Season; achieved the highest-value sales transaction recorded within the brand.
- Used customer preferences, needs and budget to guide personalized recommendations, upselling and cross-selling.

Market Research | Nielsen Research Company May 2021 - July 2022

- Organized and validated survey data and assisted in preparing research reports for internal stakeholders.
- Conducted field and digital market research for FMCG brands, engaging directly with consumers.
